Work-Based Learning Certification & Professional Development

How does WBL Certification Work?

What do I do if: My Certificate was issued BEFORE March 2015?

All certificates issued before March 2015 will expire early because they were issued under the old policies, which have expired. All old certificates will expire in July 2016. You can renew it this year in one of TWO ways:

WBL Training: A two-day crash course in all things WBL. This will certify new teachers and recertify returning teachers.

WBL PLCs: Open to certified WBL Coordinators, these monthly meetings focus on continuous improvement. Join, attend 4 or more in one school year, and your certificate will automatically be renewed.
