I understand that my Job Exploration Project is in direct relation to my Enrichment Seminar credit, and therefore, I will:

- Write a Job Exploration Proposal and get approval of my project from the Job Exploration Supervisor (Ms. Parson)
- Choose a spring or summer project and then complete all tasks on the Job Exploration Summary Rubric
- Choose a community mentor to work with, and have them complete and sign the appropriate forms
- Communicate with my Job Exploration Supervisor through Canvas and office visits as outlined
- Interact with my community mentor and document that I have completed the minimum 30 project hours
- Understand that my community mentor may not be a relative, that I am not receiving college credit, and that I am not being paid to complete the minimum 30 project hours
- Receive an Enrichment Seminar letter grade based on points required and earned
- Earn required Enrichment Seminar credit (.5) by successfully completing the Job Exploration Project
